TRYING TO ARBITRATE

An Important Conference Held In Pittsburg.

THE MINERS AND OPERATORS.

Propositions Made and Fully Discussed, but No Conclusion Reached—Everything Quiet in the Miners' Camps—Eugene Debs' Call to the St. Louis Conference. The Latest Strike News.

PITTSBURG, Aug. 24.—A conference between the miners' officials and the executive committee of the coal operators met here last night. The miners were represented by National President Ratchford, District President Dolan and Secretary Warner. The operators' committee was composed of J. O. Dysart, G. W. Schluederberg, J. N. O'Neil, J. B. Zerbe, F. M. Osborne, U. A. Andrews, W. P. Bonney and W. P. Rend.

Three propositions were submitted by the operators as follows:

"Miners to resume work at the 54-cent rate pending a decision of a board of arbitration."

"Miners to resume work at an intermediate rate between the rate demanded and the one paid prior to suspension, pending a decision of a board of arbitration."

"Miners to resume operations without a price named pending a decision of a board of arbitration."

The officers of the miners had but one proposition, which was:

"Miners to resume work at the 69-cent rate pending the decision of a board of arbitration."

The propositions were talked over in an informal manner by both sides until an adjournment was taken.

As near as can be learned the miners' officials will stand firm on the proposition they have made. In support of this claim they say that it is equally as fair for the miners to resume at the 69-cent rate pending arbitration as it is for them to go to work at the 54-cent rate under the same conditions. The operators hope that one of their propositions will be accepted.

The striking miners encamped about the Deamint mines experienced less interference from the deputies yesterday than at any time since the decision of the court in the injunction proceedings. The campers were permitted to march about in small groups, but were not allowed to get within speaking distance of the working miners.

Everything is quiet at the miners' camps. In fact, Deputy Samuel Young, who is in charge at Plum Creek, said that there would be no more arrests until a decision was had in the cases of the five men arrested Saturday.

Antonio Todasta, the striking miner who was shot Sunday at his boarding-house near Oak Hill, is reported to be slightly improved, although his condition is still critical. The others who were hurt in the fight are not dangerous and will recover. The Belatina brothers, who did the shooting, were arrested shortly after the affair, and brought to Pittsburg.

President Patrick Dolan of the miners' organization had a narrow escape from death at 9 a. m., and John McLuckie, the camp commissary, was badly hurt by being struck by a train. The two men were hurrying along the Panhandle tracks to catch a train at Sturgeon station. They did not notice the train they were to take was not on the usual track, and it came up behind them. McLuckie was struck on the right side and fell. He was stunned and Dolan was shoved aside. He called to McLuckie to lie still, for if he had moved a couple of inches he would have been crushed. Mr. Dolan said it was the closest call he ever had.

The 18 strikers who were arrested at Camp Junction, at the Banola mines, for disorderly conduct, and sent to jail for 10 days, were released during the morning. All returned to the camp.

TIME FOR ACTION.

Eugene V. Debs Issues a Call For the St. Louis Conference.

TERRE HAUTE, Ind., Aug. 24.—Eugene V. Debs has issued a call to the "Social Democracy and all lovers of liberty and fair play," to attend the conference at St. Louis next Monday when, he says, "prompt, united and vigorous action will be taken in regard to the miners' strike, and especially the course of the judiciary in issuing restraining orders." He says: "The hour has struck to call a halt."

In conclusion he says: "Every atom of American manhood revolts against the spectacle. Judges, by the usurpation of power and playing the role of tyrants, have annihilated the constitution, abrogated the right of trial by jury, forbidden free speech, suppressed peaceable assembly and transformed our republic into an absolute despotism."

"They are guilty of judicial treason and should be made to answer at the bar of an outraged people."

"The issue has been forced upon us and we have retreated before it to the verge of slavery. Let us now meet it as it would have been met by the patriots of 1776."

CHATTANOOGA, Aug. 24.—J. T. Long, a car repairer, was instantly killed at the Cincinnati Southern shops yesterday. He was jacking up a car when the jack lever slipped, striking him in the head. During the excitement following the accident F. H. Schreiber, master mechanic of the southern division of the road, was stricken with paralysis and was carried to his home in a dying condition. He can not recover. Mr. Schreiber has been master mechanic for years.

GOLD RESOURCES IN ALASKA.

The Government Will Send a Surveying Party There Next Year.

WASHINGTON, Aug. 24.—Early next spring a party will be sent out from the geological survey to make another investigation of the gold resources in Alaska. An appropriation of \$25,000 was asked for from congress last year, but the amount was cut down to \$5,000. This was not available in time to send a party last season, but it will be used in dispatching probably three survey experts, headed by Professor Spurr, already a recognized authority on Alaska, and an effort will be made to have congress raise the appropriation to about the same asked for last year.

If this should be granted, more than one party will go. They will probably stay until the latter part of August, though plans have not been determined. The mission is to compile authentic data on which another more complete report will be based, and to make an accurate survey and geological map of the region.

News From the Gold Hunters.

SEATTLE, Wash., Aug. 24.—The steamer Rosalie, which has just arrived here from Dyea and Skagway, reports that there are about 4,000 people at Skagway and that the trail is still impassable. About 900 miners are working on it and it is expected that it will be ready in a few weeks. At Dyea the miners are getting away as rapidly as could be expected. Juneau is rapidly filling up with miners from Dyea and Skagway, who propose to winter there.

Last Steamer For Alaska.

VICTORIA, B. C., Aug. 24.—The steamer Queen left yesterday on her last trip this season for Alaska. She was crowded with passengers, freight and horses. Fifteen passengers were left here as there was no room on the steamer for their horses and outfits.

PENSION PLUM PICKED.

Jacob D. Leighty Appointed Pension Agent at Indianapolis.

WASHINGTON, Aug. 24.—The president has appointed Jacob D. Leighty to be pension agent at Indianapolis, vice Martin V. B. Spencer, removed. This appointment ends a long fight at Indianapolis over that office. Martin Van Buren Spencer, the old agent, refused to resign although he was requested to do so, saying that he would not resign while charges were pending against him. The veterans charged him with removing old soldiers and placing his relatives in office, and otherwise oppressing the soldiers. These charges Spencer denied, and when his resignation was asked for he refused it and so yesterday he was removed.

Senator Fairbanks urged the appointment of Leighty and Secretary Bliss promised that he would be appointed before the G. A. R. reunion at Buffalo this week and he has kept his word, and there will be general rejoicing among old soldiers at the appointment.

Mr. J. D. Leighty was a member of the Fifty-fourth congress and had also been a member of the Indiana house of representatives. In 1861 he left congress and enlisted in the Eleventh Indiana volunteer infantry and fought in the war for over four years. He was wounded at Champion Hills, Miss., in 1863, and also took part in the battles of Fort Helman, Fort Henry, Fort Donelson, Shiloh, Grand Gulf and Port Gibson.

SENSATIONAL SHOOTING.

A Kentucky Negro Kills His Wife and Wounds His Sister-in-Law.

MAYFIELD, Ky., Aug. 24.—One of the most sensational killings that has occurred in this section for years took place here yesterday at 9 o'clock when Will Tutt, a colored man, shot and instantly killed his wife and wounded his sister-in-law as a result of a quarrel. Tutt was in the house with his wife and sister-in-law, and they were discussing whether or not his wife should make a visit to Columbus, Ky. Tutt said she shouldn't go, and in reply she told him to leave her house forever. At this he became enraged and fired three shots into her, one in the head, one in the breast, and the other in the arm.

When the brutal affair gained circulation thousands of persons turned out and a posse of a hundred started in search of the fiend and captured him one mile north of this city in a cornfield. He was carried to jail heavily guarded and locked up.

Three Men Instantly Killed.

CAIRO, Ill., Aug. 24.—Three men were instantly killed and eight injured by the explosion of a boiler at the brickyard of W. R. Halliday shortly after 7 a. m. The dead are: Rnley Bradley, engineer; Gideon Ricks and Henry Schiller. All those killed and injured were negroes, except Schiller. None of the injured will die. The cause of the explosion is unknown. Each of the three men killed was struck by a piece of the boiler and hurled 50 feet away.

Death in a Horrible Form.

CHICAGO, Aug. 24.—A huge dormer spoon, weighing 1,000 pounds, and containing half a ton of salt, fell to the deck of the steamer Fitzgerald, which was loading at Illinois pier No. 1. Andrew Kruber, a laborer, was stooping over the hatchway just as the ropes parted. His head was caught on the edge of the hatchway and mashed to a pulp. John Cool, also a laborer, had his left leg nearly severed from his body.

Prominent Farmer Dead.

LANCASTER, Ky., Aug. 24.—Mr. Curt Simpson, a prominent farmer and stock raiser of this county, died yesterday of typhoid fever, aged 34.

G. A. R. AT BUFFALO.

A Great Gathering of the Veterans Expected.

CAMP JEWETT OFFICIALLY OPEN.

Cincinnati Almost Sure to Get Next Year's Encampment—Richmond Bidding For the One in 1899—Candidates For Commander-in-Chief—Proposed Sanitarium For the Benefit of the Veteran Soldiers.

BUFFALO, Aug. 24.—All indications point to a colossal encampment of the G. A. R., even beyond the expectations of the most sanguine citizens. Train loads of veterans and their friends are constantly arriving, and a person might think there was a great parade in progress as the posts march up Main street to their headquarters.

Camp Jewett, the picturesque tent city, erected for the accommodation of visiting veterans, on a bluff overlooking Lake Erie and the mouth of the Niagara river, was officially opened by Commander-in-Chief Clarkson yesterday afternoon. The commander-in-chief was escorted from his headquarters by Mayor Jewett and other citizens, by Bidwell Wilkeson post of Buffalo and Columbia post of Chicago, headed by the regimental band of the Thirtieth United States infantry, which is assigned to Fort Porter during the encampment.

As the commander-in-chief entered the camp a salute of 15 guns was fired in his honor by the federal troops at the fort. The general was escorted to the piazza of a park pavilion situated in the center of the camp, about which thousands of veterans and citizens formed in a hollow square. Stepping to the front of the piazza, Mayor Jewett, on behalf of the citizens' committee, presented the camp to the commander-in-chief, who accepted it in a graceful speech.

Commander-in-chief Clarkson entered the pavilion when his remarks were concluded, and held an impromptu reception to the officers from Fort Porter and officers of the national guard. Later he made an inspection of the camp, in company with the officers of his staff, after which he returned to his headquarters.

John C. Linehand of Concord, N. H., now commissioner of insurance for that state and former junior vicecommander of the Grand Army, is the most formidable of the new candidates for commander-in-chief. His headquarters were opened yesterday.

Pennsylvania delegates are booming Colonel Gobin of that state for commander-in-chief. Already 500 Pennsylvania men are here, and they are all working hard for Colonel Gobin's success. Colonel Gobin arrived yesterday and opened headquarters.

A delegation of prominent Cincinnati business men arrived yesterday to press Cincinnati's claims for the national encampment in 1899. Headquarters have been opened in the Iroquois hotel. There now appears to be no doubt that Cincinnati will have the honor of entertaining the G. A. R. next year, in fact, there appears to be no opposition.

The Richmond boomers arrived in town yesterday and immediately proceeded to work for the encampment of 1899. There are 18 of Richmond's leading men in the party. A prominent member of the delegation is Walter H. Sanary, editor and owner of the Richmond State, who said that his committee were doing good missionary work and had every reason to believe they would get the encampment in 1899. Not a delegation approached so far but was in favor of Richmond, and several members of the committee which will have the selection of the place are pledged to Richmond.

A noble enterprise which is likely to enlist the attention of the Grand Army delegates during their session here is the establishment of a sanitarium for the benefit of veteran soldiers and sailors of the war for the Union. It is proposed to locate on the island with Castle Pinckney in the harbor of Charleston, S. C., a refuge for old soldiers who are ill, and congress is asked to take advantage of an offer of the very favorable location for the purpose. The scheme has the endorsement of Commander-in-chief Clarkson.

AGED SHAWNEE SQUAW DEAD.

Kaw-Ke-Nah-Pa-See Jackson Who Lived to Be 125 Years Old.

SENECA, Mo., Aug. 24.—News has just reached here of the death of Kaw-Ke-Nah-Pa-See Jackson, a full-blooded Shawnee Indian squaw, a few miles west of Seneca, at the home of Nancy Deshane, her daughter. At the time of her death she was 125 years old. She was born in Ohio. On their way to the Indian Territory with her father's family about 67 years ago they camped a few weeks at Shawneetown, Ills. (named after her), where they made bark canoes, crossed the Ohio river and then rode horseback to the Shawnee nation.

She was buried in the old Indian style. In the bottom of the grave were placed several boards. On these was a quilt, on which the body rested, then the body was inclosed by boards standing on their ends on both sides and at the ends of the grave, and a few boards for a cover. On this was thrown the dirt. No nails were used in the construction of this so-called Indian coffin.

PHILADELPHIA, Aug. 24.—James W. Paul, the oldest member of the Philadelphia bar, died here yesterday. He had a high reputation as a lawyer. Mr. Paul was the father of the late Mrs. Waldorf Astor of New York and leaves four living children.

LUETGERT AT THE BAR.

Remarkable Murder Case Called in the Chicago Courts.

CHICAGO, Aug. 24.—After two preliminary hearings and three months' confinement in the county jail, Adolph Luetgert, the rich sausage maker, was put on trial, charged with the murder of his wife, before Judge Tuthill in the criminal court. Both the state and defense prophesy that 1,000 veniremen will be examined and that a week will pass before 12 men who are acceptable to both sides are found. Then the trial will begin in earnest.

The theory of the state is that Luetgert induced his wife to accompany him to his sleeping apartment in the factory office and there strangled her. Then he is thought to have taken her body to the basement and to have immersed it in a vat filled with a solution of caustic potash heated to the boiling point. What remained of the body after this process, it is alleged, was gathered together and thrown into the furnace of one of the factory boilers. The fire had been kept up under one of the boilers upon express orders given by Luetgert to his watchman, Frank Blalk.

The state has made several experiments in support of this theory. Luetgert's attorneys will also experiment with crude potash. They say the dead body used by the state was several days old. In it there was not the resisting power of nerves and muscles which a body from which life has just passed would offer to the action of the solution. Acting upon this belief the defense has employed experts to conduct experiments with a fresh body and the defense professes the utmost confidence that the results will utterly disprove the theory of the prosecution.

While the trial is in progress detectives all over this country and Germany will be searching for Mrs. Luetgert, who is reported to have been seen in various places since her husband's arrest. All of these have been run down by the police, who claim to have proved they had little foundation. Nevertheless, it is said the defense hopes by the reiteration of such stories to raise the question of doubt in the minds of the juryman.

TRAGEDY CAUSED BY JEALOUSY.

A Man Killed and a Young Lady Seriously Wounded in Philadelphia.

PHILADELPHIA, Aug. 24.—William Rooney, aged about 25 years, of 1224 North Fifth street, last night shot and instantly killed Alphonso Pickard, aged 25 years, and shot and seriously wounded Verona Callheim, aged about 19 years. The motive for the crime was jealousy. Rooney attempted to escape, but was captured by Policemen Tyson and Atchison. When taken to the police station, Rooney's only excuse was that "he did not propose to be made a guy of by any woman."

Pickard was manager of a bicycle store at 732 Girard avenue, and had just come out of the place accompanied by the young woman. They had gone but a few steps when Rooney approached and opened fire. The first two shots went through Pickard's heart and he fell dead. Three shots were then fired at Miss Callheim. Two struck her in the breast and the third on the right side of the head.

As near as can be learned Rooney and Pickard were paying attention to the girl and Miss Callheim showed favoritism for Pickard.

Excursion Train Derailed.

CHICAGO, Aug. 24.—An engine attached to a heavy excursion train on the Chicago and Calumet terminal railroad was derailed near Riverdale. The passengers were thrown from their seats by the jar and one man, Joseph P. Murray, was probably fatally injured. Seven others received slight injuries. After a delay of two hours the engine was raised to the track and the train proceeded.

Paralyzed While on a Steeple.

ENGLISH, Ind., Aug. 24.—Charles Brosmore, a janitor, while on the steeple of the Episcopal church, was stricken with paralysis and fell from his perch. His clothing caught on a projection, stopping his flight. Otherwise he would have been killed outright. He was badly injured, however, and is not likely to recover. The janitor is 34 years old, and without family.

To Be a Beet Sugar Plant.

SAN FRANCISCO, Aug. 24.—The plant of the Union stockyards at Rodeo, which originally cost \$1,000,000 but which has been standing idle for five years, is to be converted into a beet sugar factory by the same company, which is preparing to erect a factory at Crockett in Contra Costa county. Senator Perkins is among the promoters of the enterprise.

Horses Burned to Death.

VALPARAISO, Ind., Aug. 24.—The barns of Fred Hietsman, John E. Mander, Fred Knas and Ellen Johnson, together with seven head of horses and other property, were destroyed by fire at Hobart. At one time the village was threatened with destruction. Loss, \$2,500, with small insurance.

The Grape Crop Frosted.

VALPARAISO, Ind., Aug. 24.—Reports received state that the grape crop in northern Indiana has been materially damaged by the frost, which fell during the past week, and there is now fear of a small yield. The crop promised to be one of the largest in the history of northern Indiana.

His Injuries Proved Fatal.

LANCASTER, Ky., Aug. 24.—William Ray, the old gentleman who was thrown from his buggy last Friday at Buckeye, died last night of his injuries.

DEERWESTER'S ALIBI

He Can Prove One by His Brother-in-Law.

A CONFLICT OF TESTIMONY.

The Statement That He Was Seen Near the Detrick Home on the Night of the Murder Disputed—Wage Scale Not Settled—Fire in a Village—Other Ohio State News.

BELLEFONTAINE, O., Aug. 24.—Interest in the Detrick murder mystery has been awakened by a statement made by James Ewing, a brother-in-law of Deerwester, who says that Lew took supper at his home about 7 o'clock on the Monday evening the Detricks were murdered. He says that Deerwester did not leave his home until half-past 7 o'clock. He does not know whether Lew came back and slept in the house that night or not, as he often came in late, and sometimes the family heard him and sometimes they did not.

This testimony conflicts with that of Harry Kaylor and Charles Tyler, who say they saw Deerwester near the Detrick home about 7 o'clock on the fatal Monday night.

Deerwester is stronger than at any time since his attempt at suicide, but as yet Prosecutor West will allow no newspaper representatives admission to the jail.

OWNERS MAKING MONEY.

Still They Will Not Pay Their Employees Living Wages.

SALEM, O., Aug. 24.—The wage scale difference, between the wire nail company, owners of the mills here and at Findlay, and wire drawers and nail operators, after almost daily conferences for two weeks, is still unsettled, the last being held yesterday.

The men refuse to accept the reduction, ranging from 5 to 10 per cent with nailers and 20 per cent with wire drawers, nailers also being asked to run two to four more machines.

Organizer Gillet is here, and notices are being sent out for the men to stay away from Salem during the contest. The company recently declared a dividend of 3 per cent for the last six months, two of which months the mills have been idle.

Murder and Suicide.

CLEVELAND, Aug. 24.—The revival of an old feud in the Italian settlement was the cause of a murder at an early hour yesterday morning and a suicide last night. Sunday night a party of Italians were drinking. A quarrel started and Joseph Panosero was stabbed by Dominick Vitale. Panosero died yesterday forenoon in a hospital. Vitale fled from the city and escaped. One of the men mixed up in the row was Frazzeda Collino. Yesterday evening Collino shot himself in the right temple and died instantly.

Hanna Going After McKinley.

CLEVELAND, Aug. 24.—Senator Marcus A. Hanna left on his steam yacht the Comanche, at 4 o'clock yesterday afternoon for Buffalo, where he will join President McKinley and bring the chief executive back to Cleveland with him on Thursday. Senator Hanna was accompanied by Colonel Myron T. Herrick and Mr. William Chisholm. There were no ladies on board.

Fire in a Village.

CATAWBA, O., Aug. 24.—This place was visited by a disastrous fire yesterday morning, destroying the business portion of the town. The fire started in C. F. McConkey's harness store and spread to Joseph Harper's cabinet store, Dr. Reid's office and Wingate Brothers' general store. The postoffice was also damaged. Loss, \$15,000; partly covered by insurance.

Professor Holbrook Resigns.

LEBANON, O., Aug. 24.—Professor Alfred Holbrook, president and founder of the Normal University at Lebanon, has resigned from that institution after 42 years' service. Professor Holbrook has accepted the chancellorship of the Huntingdon University at Huntingdon, Tenn. He is 62 years old.

Deaf Mute Killed.

BOWLING GREEN, O., Aug. 24.—Miss Sarah Porter, a deaf mute, aged 45 years, was instantly killed yesterday at Milton Center by a northbound Cincinnati, Hamilton and Dayton passenger train. This is the third deaf mute killed near the same place within three years.

Dead Robber Identified.

CANTON, O., Aug. 24.—A Mrs. Kagey visited the morgue yesterday and identified the body of the bank robber shot here Sunday as that of George Gerbig of Chambersburg, Pa., although she had not seen that man for years. She says she knew him from childhood.

Thrashing Engine Fires a Barn.

MOUNT JOY, O., Aug. 24.—The large barn on Daniel Blackburn's farm near here caught fire from a spark during thrashing of wheat and was completely destroyed with grain, hay, farming implements, machinery and leaf tobacco. Loss, \$1,800; insurance, \$800.

Workman Injured.

WARREN, O., Aug. 24.—While at work at the Etna machine plant, John Dillon was struck by a large pump, which fell while being loaded. He was severely hurt, a connecting pipe penetrating his leg.

INDICATIONS.—Generally fair weather; except showers on the lakes; light to fresh easterly winds.

DURING the month of July, 1897, the people of the United States exported and sold in foreign markets \$24,050,812 more products and goods than they imported from foreign countries. Keep it up.

THE DINGLEY DEFICIT.
"The receipts of the United States Treasury on Saturday were \$623,985 and the expenditures \$797,000 making a deficit for the day of \$173,104. The deficit for the month is \$13,298,755, and for the fiscal year to date \$24,372,300. How is this," pertinently asks the Cincinnati Enquirer, "under the operation of a tariff law that has been extensively exploited and bragged about as a measure to restore prosperity to the country by securing enough revenue to pay the expenses of the Government? In the first month under the new bill the Treasury runs behind over thirteen millions of dollars.
"What a puny and contemptible performance has been that of the present administration and Congress so far! There was a persistent attempt to humbug the people with the claim that the hard times were due to the fact that the public revenues were less than the expenditures. There was much lofty ringing of the changes on the proposition that everything would be wrong till the Government was run on "business principles," till it was run on the business idea of making both ends meet. So Mr. McKinley called Congress together to "even up" things. No attempt was made to do this by cutting down extravagant expenditures. The appropriations were kept at the top notch, though the people by the stress of the times were obliged to curtail in everything but their taxes.

"The whole scheme was a humbug, though the pitiful politicians who are now in charge of the public establishment, and who probably think they are statesmen, may look upon their work profoundly. The Government is not a business establishment. There is comparatively little resemblance between the public and private business affairs. The Government has no income, properly speaking. It earns no money. It is merely supported by the people, and it is the duty of the people's agents to make the burden of that support as light as possible. If the Treasury runs behind in any given year, the people are good for the deficit. There is no panic; no distrust. The shortage is sure to be made good.

"However, on the theory that the Government is "in business," and that it must be considered in the light of a private citizen engaged in trade, what a stupendous failure has been the Administration effort! Thirteen millions of

dollars behind in a single month! We trust for the sake of the peace of mind of President McKinley that he does not read the newspapers during his gay summer outing, and that the military band will play Wagnerian music when anybody attempts to tell him about the distressed condition of the Treasury. Indeed, this new law resembles the old McKinley law. It was under that delectable measure that the receipts of the Treasury began to run behind the expenses."

MUST HAVE SALT.
Man Could Not Dispense With This Valuable Mineral.

[Enquirer.]
The mineral most indispensable to every human on earth is salt. The history of all peoples, both civilized and savage, so far as is known, proves that man can not live in a state of health without salt. Without health nothing else is of any value. At first sight it might seem that coal or iron ore would be the answer, but a very little consideration will show that all the triumphs of civilization which these have made possible would have been valueless, even if they had been possible, to a race of hopelessly diseased people. Individual instances support the same conclusion. One of the most cruel punishments in vogue in the Middle Ages was that of feeding prisoners exclusively on bread made without salt. In Italy and Greece and Turkey the brigands regularly risk capture and death in order to obtain the most scanty supply of salt. For ages immemorial in the desert bread and salt have been the emblems of inviolable hospitality. The reason is that without salt it is impossible to keep the blood in a healthy condition, and without healthy blood disease and premature death are inevitable.

PROBABLY PUT OUT OF THE WAY.
Important Witness in a Murder Case Found in a Burned Building.

St. Louis, Aug. 24.—A special to The Republic from Tuscola, Ill., says: The large wholesale poultry house of this city, belonging to M. D. Legg of Boston, was burned early yesterday, and after the fire the charred and blackened remains of Robert Lathorn were found, his arms and legs having been consumed.

As he was one of the principal witnesses against William Appleton of Arcola for the killing of Scott Swartz, it is believed that Lathorn was murdered and the building set on fire to conceal the crime. The officers say that the evidence goes to show that he was put out of the way for a purpose and a searching investigation is being made. Two thousand live chickens in the building burned and the loss is about \$5,000.

A PREHISTORIC CAMP.
Relics of the Mound Builders Uncovered on an Island.

JEFFERSONVILLE, Ind., Aug. 24.—W. E. Willey, a well known farmer, has discovered a prehistoric camp of large extent at the head of Twelve Mile island, in the Ohio river. He describes it as undoubtedly once a large fishing station of either very early Indians or some other race, perhaps that which built the great stone forts just above the island.

He found it shortly after a high flood, when the water uncovered some remains of animal bones. He also found the traces of ashes, some bear jaws, arrows and other stone implements, and some fragments of pottery, which he is inclined to think belongs to the mound builder era. He will try and get permission from the owner, Mr. Columbus Goodwin, to excavate for further remains.

THE State Board of Assessment and Valuation has received information that Charles F. Krebs, of Louisville, agent of the Southern Pacific Railroad in this State, is mysteriously absent. The Board of Valuation is attempting to assess the corporate franchise of the road in this State, its charter having been obtained here, and thinks Krebs has left to avoid the service of notice.

REV. ROBERT TOLLE, pastor of Stone Lick Baptist Church, has been holding special services at Brown's Run, Lewis County, for a week past. A goodly number attend each evening and much interest is being manifested. The singing is spirited and well rendered, the sermons are deeply spiritual, purely gospel and carry conviction with them. The meetings continue during this week, morning service at 10 and evening at 7:30. Rev. Tolle is very earnest in his efforts and his many friends wish him success in his work. Everybody is invited to these services.

A RETURN to pure vaudeville at Electric Park will be hailed with delight by our people. No excessive charge is made when you go up there; one price admits you and you have more good jokes, cleaner fun, sprightlier dancing, hear sweeter singing and are entertained for an hour and a half by better artists, than anywhere else in the land for so little. Remember the week opens to-night with an entire change of program, introducing the old favorites in acts, dances and songs never before given in our city. By request of many some old stand-by songs will be repeated, but these as good measure. Ten cents is the price and the curtain bell rings at 8 p. m.

Something to Know.
It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

A Handkerchief BARGAIN.

Maker's samples; three thousand in all and nearly two hundred styles. It's this way: The smallest frame for successful handkerchief making holds twenty-two handkerchiefs and it is as cheap to make a frame full as fewer. So when the very careful work of sample making is in progress the maker simply has to produce more than are really needed for samples. This surplus of most perfect goods we bought and saved 40 per cent. in the buying. So may you.

The Sale Begins

Thursday at 8 a. m., and will close Saturday night. No credit extended. All sales strictly cash. The goods are sold on the closest margin and cannot be charged. To-morrow's paper and each succeeding issue will give interesting details. Should you have no handkerchief needs call upon us anyhow and see what we are doing. Our house will be more than an attraction—it will be an emporium of economy. If you fail to visit us, we wish to emphasize, the loss will be yours quite as much as ours. We are going to do the handkerchief business in this store's history Thursday, Friday and Saturday.

FELL OUT OF A BUGGY.

The Youngest Daughter of Mrs. Charles Shepard Meets With a Dangerous Accident.

The youngest daughter of Mrs. Charles Shepard met with quite a serious accident Monday afternoon.

In company with little Lula Walsh she was playing in a buggy near the corner of Second and Limestone streets, when she stepped backwards, and fell to the ground, the back of her head striking against the curbing, causing concussion of the brain.

She was removed to the home of Major and Mrs. John Walsh, where her injuries were attended to by Dr. Harover.

She was unconscious for some time, but rallied during the night, and was thought to be much better this morning and about out of danger.

River News.

The Kanawha is rising.

Bonanza down to-night.

Heavy rains are reported as far up as Parkersburg.

The Virginia passed down at 7 a. m. and the Sherley shortly afterwards, both having been detained by the fog. They will pass up to-night, the latter for Pomeroy and the former for Pittsburg.

The Hudson of the Pittsburg packet line will be immediately made ready to re-enter the trade after a summer's excursion business. She needs little repairing, as she is thoroughly staunch and in every respect a well-built steamboat, but there are odds and ends to be looked after, some painting and touching up to be done, a tarring and caulking of decks and refurnishing of the cabins.

Whose Chickens.

Constable Frank Purnell caught "Atter Dark" Sons about two o'clock this morning in the alley back of the old plow factory on Front street carrying a hat full of eggs and a wheat sack containing four live chickens. The owner can get them by calling on Mr. Purnell. Sons recently completed a sentence at Frankfort for chicken stealing. He is in jail awaiting a hearing.

PITHY POLITICAL POINTS.

When a man begins to change his church or his politics he is thereafter as hard to locate as a flea.

A man's loyalty to his party will always be questioned after he has once voted and worked against that party's candidate.

It comes mighty unhandy for a candidate for office to be confronted with the fact that he has helped to defeat candidates of his own party.

There are not any rich men in the Democratic party, for it isn't a rich man's party; and for this reason the gold men give it a wide berth.

The man who has been honored by his party for office and who afterwards works against that party and its candidate, possesses no more gratitude than a sow, and is no better than a heathen.

There never was a time when a candidate cared where his votes came from so that he got to the goal, but Democrats owe it to their self-respect to see that no Republican attains this end by their assistance.

THE GRAIN MARKET.

New York, Aug. 23.—Wheat—Cables, which were 5c. higher to-day, added to the feverishness of wheat. In addition there was a puzzling foreign demand. First trades were at Saturday's high closing prices, but after the early moments western influences dominated and values worked easier. Spot wheat was still a good sale around \$1.08 per bushel. September wheat opened at \$1.03½ and at 11 o'clock was quoted at \$1.03½ after having dropped a full cent after the opening. December wheat opened at \$1.01, dropped to \$1.03 and then sold at \$1.03½. Corn and oats ruled easier with western markets. There was active trade, but traders looked for a heavy influx to the market, and for this reason touched the cereals speculatively in a very tight way. Spot markets were fairly steady.

ST. LOUIS, Aug. 23.—Wheat—Cash, \$1 bid; August, \$1.01½ bid; December, \$1.01½ bid. Corn—Cash, 29c. bid; September, 28½c.

BALTIMORE, Aug. 23.—Wheat—Cash, \$1.03½; 1.03½ September, \$1.03½. Corn—Cash, 28½c. bid; September, 28½c.

CINCINNATI, Aug. 23.—Firmness was general in grain circles to-day. Offerings were liberal and the demand good. Wheat was active at previous prices. Corn and oats were in good demand at an advance in price. Wheat—Sales: 1 car No. 2 red, track, \$1; 1 car sample red, track, \$1; 350 bu. do, 97c.; 200 bu. sample red, held from landing, \$1; 1 car sample red, track, 98½c. Corn—Sales: 1 car No. 2 mixed, track, 32c. Oats—Sales: 675 bu. No. 2 mixed, warehouse, 29c.; 1 car No. 2 mixed, track, 29½c.

CHICAGO, Aug. 23.—September wheat opened at 99½c. and December at \$1 promising enough for a day of higher prices, but the deflection was sharp and decisive. Five minutes after the opening a drop to 95 cents was recorded in September. Then the market began to rise again. September soon reached 99½ cents, and December 99½ cents on a rally. A steady decline then set in and at noon it was moving around 97½ cents. Unloading by the clique and other bear influences were responsible for both drops. September wheat closed at 96 cents, December at 97½. September corn also took a tumble, opening at 33 cents, declining 1½ cents, and rebounding again to 32½c.

The Maysville millers are paying 90 cents a bushel for wheat to-day.

Some farmers sold their crop Monday for \$1 a bushel.

One dollar was the ruling price at Lexington Monday.

LOUISVILLE TOBACCO MARKET.

Offerings Last Week Were Large—All Grades of Burley Strong—The Outlook.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 3,313 hds., with receipts for the same period 2,562 hds. Sales on our market since January 1st amount to 113,465 hds. The sales of the crop of 1896 on our market to date amount to 97,286 hds.

The offerings on our market have been large this week; notwithstanding this fact, we have had an active strong market for nearly all grades of burley. The medium to good leaf of both the red and color sorts sold higher than the week previous, prices for fine leaf have been well sustained; some fine leaf selling from 15 to 24; common nondescript sorts were somewhat irregular and at times easier. The reports that we have from the growing crops are not flattering and we see no reason why prices should not be well sustained.

The following quotations fairly represent our market for burley tobacco (1896) crop:

Trash (dark or damaged).....	2 00	3 00
Common color trash.....	3 50	5 00

CINCINNATI TOBACCO MARKET.

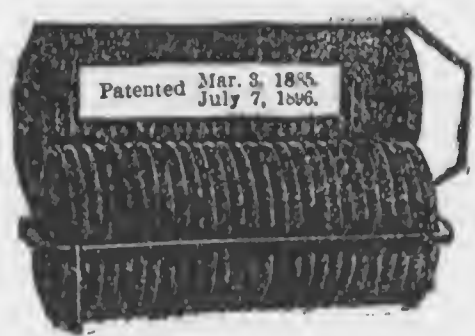

CINCINNATI, August 23.

The extensive manufacturers are beginning to realize that the coming crop will be short and therefore they are taking a better hold on the market, which, during the past week, was pronounced as excellent than of any week this year thus far. The adverse crop conditions are curtailing offerings considerably. Shippers and owners of tobacco are holding off in anticipation of further advances which seem almost a certainty. An encouraging feature was that, despite the semi-absence on the breaks of the concern which has been the most extensive buyer of late, competition continued active and prices were easily maintained. Fancy red tobaccos sold better than at any previous time this year. In the face of a poorer assortment of goods up, the average price was only reduced 4c. per 100 lbs. Fancy cutting leaf aroused considerable excitement by selling up to \$24 per 100 lbs.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1.
